Through inventory on April 1, 1958, there were 760 persons liable to a poll tax, and 316 were exempted for a total of 1076 persons over 21 years old. Exempted were 237 veterans, 8 widows of veterans, 1 blind and 70 over 70 years.

There were 9 new homes built and occupied, all one family homes, which increased our family accommodations to 512.

On T.R.A. Granite street was widened, graveled and graded from the residence of Mrs. Ida Guertin to the new highway, culverts were also put in, the work done by the State of New Hampshire.

Lincoln street was torn up, graveled, graded and resurfaced. Notre Dame Ave., was graveled, graded and oiled to Al's Ave. "B" street we had the timber cut off and the street bulldozed. Dinah street was graveled, graded and oiled.

The sewer on Notre Dame Avenue was extended 250 ft. into the new development the town furnishing the pipes and Victor Girard Co. furnishing the digging and filling up.

Lionel P. Stokes was appointed Justice of the Municipal Court in December by Governor Dwinell and Council. Judge Stokes was born, educated and has lived all his life in Allenstown, he is replacing Judge Reginald Nash who retired at the age of 70.

It is with regret to see Mr. Eli R. Laflamme decline to run for the office of Tax Collector, having fulfilled this duty for the past eleven years in the best satisfying manner. We as representatives of the people of Allenstown, would like to thank him for his services in the past and his record while in office will show him to be one of the best Collectors this town ever had.

Seeing there is no history of the town up to now, we are inserting a few pages of a history in the making, with the intention of adding more pages in the years to come of facts and statistics of the town. We would like to share this information with our citizens and feel its the best economical way to accomplish the purpose.

We feel the following will be of much interest to the people of Allenstown. Last spring we as Selectmen were served by the Sheriff a summons to appear in Superior Court, in regard to a declaratory judgement asked by the town of Pembroke, as to the approach of the Main street bridge. The case was heard last December, and the findings, rulings and decree given Feb. 9, 1959. AS FOLLOWS:

THE STATE OF NEW HAMPSHIRE

Superior Court

Merrimack, SS.

November Term 1958

No. 4406

Town of Pembroke

vs

Town of Allenstown

This is a bill in equity brought by the town of Pembroke against the town of Allenstown to require the Town of Allenstown to repair approaches to a bridge over the Suncook River, which approaches are in disrepair and lie within the town of Allenstown.

The historical and statutory basis for the present action lies in the fact that by Laws of 1798, Chapter 25, approved December 24, 1798, the entire Suncook River was included with the town limits of the town of Pembroke. The preamble to the act of December 24, 1798 recites that "The Town of Pembroke did not concede themselves under obligation by law to build and keep in repair any part of the same (bridges) and the inhabitants of said Allenstown were few in number and by no means able to build and keep in repair the bridges aforesaid."

Following this preamble the Legislature proceeded to enact that "The easterly and southerly line of said Town of Pembroke, adjoining Allenstown, shall hereafter be considered to extend and shall extend to the easterly and southerly bank of the Suncook River."

The present bridge over the river was reconstructed in 1895 and again in 1954. There is visible a break in the type of construction at the approach from the Allenstown side, and it does not appear that the Town of Pembroke added to or repaired the Allenstown approaches either in the construction of 1895 or in the construction of 1954, as the disrepair exists entirely in the abutments and approaches lying within the town limits of the town of Allenstown.

The Court finds that there was no evidence from which it could be determined that Allenstown had ever contributed to the construction of the bridge in question or to the approaches thereof.

The Court rules as a matter of law that the statute of 1798 does not relieve the Town of Allenstown of the obligation of repairing the abutments and approaches to the bridge lying within the town limits of the Town of Allenstown. The Court therefore decrees that the Town of Allenstown is responsible for the repair and reconstruction of the approaches and abutments lying within its limits.

Robert F. Griffith
Presiding Justice

This bridge controversy has been existing since it was built. Seeing there is no one in town that remembers the doings of that time, the History of Pembroke of 1730 to 1895 clearly states that they had stood the cost of the bridge and when rebuilt in part by Pembroke in 1954, the work was stopped at the town lines, a section was left in disrepair on the Allenstown side, they claiming it was our responsibility.

We produced the town's record of 1890 to 1900 as evidence where no substantial amount had ever been appropriated by Allenstown to the support of the bridge, and if Allenstown had done what it is ordered to do now it surely would have been shown in the appropriations of that time.

As the above Court's ruling will show there was no evidence from which it could be determined that Allenstown had ever contributed, and the bridge in question was built, approaches made, and railings put up to the present Rod and Gun Club building at that time, as everyone can tell, therefore, someone other than Allenstown had done it, thereby refusing to do it until proven liable.

Although the bridge accommodates residents of Allenstown, we have to take into consideration that Pembroke alone derives revenue from the water right of the Suncook River, more than sufficient to the repairs of the bridge.

Now that a decision has been rendered by the Court, and not by parties of both sides, there is nothing to do but to abide by that decision and plan to remedy this situation.

Respectfully submitted,

GABRIEL DANEALT
GERALD GAGNE
WILLIAM L. BAILLARGEON
Selectmen of Allenstown

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF ALLENSTOWN,
IN THE COUNTY OF MERRIMACK IN SAID STATE,
QUALIFIED TO VOTE IN THE TOWN AFFAIRS:

You are hereby notified to meet at the Fire Station in said Allenstown Tuesday, the 10th day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
3. To hear and act upon the report of the Town Budget Committee.
4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to give a one percent (1%) discount on all 1959 taxes paid within thirty (30) days after the tax rate is approved.
6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit.
7. To see if the Town will vote to adopt the provisions of Chapter 287 of the Revised Statutes Annotated relative to playing games of Beano in this Town.
8. To see if the Town will vote to discontinue Chester Turnpike from the residence of Armand Drolet to the Hooksett Town line as an open highway and make said road subject to gates and bars, as provided in the Revised Statutes Annotated 238:2.
9. (By Petition) To see if the Town will vote to accept a deed from Yawwiga Dycus to a strip of land forty (40) feet in width and approximately six hundred twenty-five (625) feet in length, running westerly from Main Street, as now laid out on the Dycus property. Said strip of land to be used and maintained as a Town street, to be known as Sunnyside. (Approved by Budget Committee.)

10. (By Petition) To see if the Town will vote to raise and appropriate the sum of six hundred (\$600.00) dollars to grade, gravel and oil the road from Anderson's corner to the residence of Edward Higgins. (Approved by Budget Committee.)

11. (By Petition) To see if the Town will vote to accept and maintain the sewer presently in operation and servicing the houses on Elm Street. (Approved by Budget Committee.)

12. (By Petition) To see if the Town will vote to raise and appropriate the sum of five hundred (\$500.00) dollars to tar Bay Court, a new street on the north side of River Road, for a distance of approximately three hundred (300) feet. (The surfacing of the street referred to herein, with road mix, and a total expenditure of four hundred (\$400.00) dollars for that purpose is approved by the Budget Committee.)

13. (By Petition) To see if the Town will vote to increase the hourly rate for the use of the Road Agent's truck from \$1.25 per hour to \$1.50 per hour and to increase the hourly rate of pay for the Road Agent from \$1.25 per hour to \$1.50 per hour. These rates are to apply to summer maintenance work only; and to increase the hourly rate for plowing from \$4.00 to \$6.00 per hour; and to increase the hourly rate of pay for the Road Agent's Assistant from \$1.10 to \$1.25 per hour. (Disapproved by the Budget Committee.)

14. (By Petition) To see if the Town will vote to raise and appropriate the sum of five hundred (\$500.00) dollars to bulldoze and grade the Town Park. (Disapproved by the Budget Committee.)

15. (By Petition) To see if the Town will vote to raise and appropriate the sum of one hundred (\$100.00) dollars for the purpose of constructing a drainage ditch from the residence of Ernest Laforte to Canal Street. (Approved by the Budget Committee.)

16. (By Petition) To see if the Town will vote to raise and appropriate the sum of seventy-five (\$75.00) dollars to install a catch basin in front of the residence of Charles Auger to drain the water from Whitten Street and Reynolds Avenue. (Approved by the Budget Committee.)

17. To hear the report of auditors, agents, committees or officers heretofore chosen, and to pass any vote relating thereto.

18. To transact any other business that may legally come before said meeting.

The polls will be open until six o'clock in the afternoon.

In accordance with a vote of the 1958 Town Meeting a motion will be in order at 10:00 A.M. to adjourn the reading of the Warrant to 7:00 P.M. Saturday, March 14 at the St. Jean Baptiste Gymnasium.

Given under our hands and seal this seventeenth day of February in the year of our Lord nineteen hundred and fifty-nine.

GABRIEL DANEULT
WILLIAM L. BAILLARGEON

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 29, 1959

Board of Selectmen
Allenstown, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Allenstown for the fiscal year ended December 31, 1958, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustee of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1957 - December 31, 1958: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1957 and December 31, 1958, are presented in Exhibit A-1. As indicated therein the Surplus increased by \$1,740.22 during 1958.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Surplus

Long Term Notes Paid	\$ 1,500.00	
Net Budget Surplus	264.39	
Increase in Accounts Receivable	9.00	
Decrease in Bond & Debt Tax	4.68	
		\$ 1,778.07

Decrease in Surplus

Tax Liens Transferred to		
Tax Deeds	\$ 21.58	
Town Clerk's Excess Remittance	4.27	
Increase in Accounts Payable	12.00	
		37.85
<u>Net Increase</u>		<u>\$ 1,740.22</u>

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1958, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$945.55, less a net overdraft of appropriations of \$681.16, resulted in a net budget surplus of \$264.39.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1958, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1958, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of un-

collected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$240.22, from \$11,434.89 to \$11,675.11, during 1958, as shown herewith:

	<u>Dec. 31, 1957</u>	<u>Dec. 31, 1958</u>
Total Assets	\$ 34,004.70	\$ 36,467.08
Current Liabilities	<u>22,569.81</u>	<u>24,791.97</u>
Current Surplus	<u>\$ 11,434.89</u>	<u>\$ 11,675.11</u>

Treasurer's Surety Bond:

The surety bond of the Town Treasurer should be increased from \$7,500.00 to \$10,000.00, in order that the amount of the bond may be more commensurate with the amount of funds in the custody of the Treasurer.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Allentown for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Edgar O. Pesquera, Auditor
Dumont W. Bailey, Accountant

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

January 29, 1959

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Allentown for the fiscal year ended December 31, 1958. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town on December 31, 1958, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Edgar O. Pesquera, Auditor
Dumont W. Bailey, Accountant

History of Allenstown, N. H.

INTRODUCTION

Having been born in Allenstown, educated in its school, given the opportunity of serving it as an officer for the last twenty years, it would seem only just that I undertook this work. The present work was undertaken with the idea of furnishing as great an amount of reliable and important information concerning the past and present history and data of our town within the limits of my knowledge and to pass along to our residents all the records that I have found. The cost of publishing a book would be considerable and another burden on the taxpayers. Therefore, we, the Selectmen, agreed to have published as many pages a year as possible without increasing the cost of our town report. We hope that this doing will be received favorably by our residents.

I have aimed to give a brief synopsis of the leading events in the history of our town. In this I have followed the Provincial Papers by "Bouton", the History of New Hampshire by "Dr. Belknap", the State Papers by "Hammond" the Town Papers by "Batchelder", the History of Pembroke by "Rev. Carter" the Masonian Claim Papers, the history of Merrimack County by "Hurd", the Granite Monthly, the Gazetteers, and many other books and papers including some manuscripts by Mr. John Dowst, found in the Historial Society building in Concord. I am indebted to all of them for the information and records that I have found, for the loss of town records rendered the account of the early history almost incomplete.

William L. Baillargeon

In the southeastern part of Merrimack County, on the bank of the Merrimack river, lies the town of Allenstown, in the latitude of 43 degrees 9 minutes and longitude of 71 degrees 24 minutes from Greenwich, altitude above sea level according to United States Survey; at Perkins place on Wing road is 657 feet and at top of Mt. Delight 880 feet.

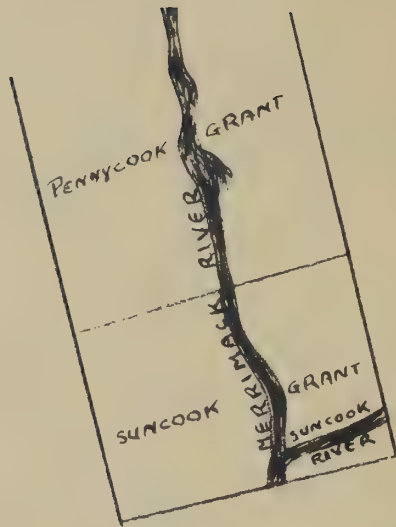

Bounded on the north by Epsom, east by Deerfield and Candia, south by Hooksett and west by Pembroke. As two sides of the town are defined by the courses of rivers, and the towns on the remaining sides against it, its contour is very irregular. Just across the Suncook river lies the town of Pembroke, and across the Merrimack river lies the town of Bow.

The land is generally of an ordinary quality, though there were some excellent farms. It was formerly well timbered with oak and pine in considerable quantities, much of which yet remains. A remarkable and important characteristic was the thick bed of clay covered with a few feet of sand in the side hill, which was in ages without doubt in the eastern bank of the Merrimack river when a vast volume of water swept down through the valley to the sea. This clay bed ran south down through Allenstown and Hooksett a distance of approximately two miles or more and was largely worked for brick making. It extended easterly to an unknown distance and was supposed to be inexhaustable.

The town was well watered by numerous small streams, the Suncook river and Great Bear Brook furnished the principal water power. From Catamount Hill, the highest land in town, were obtained large quantities of fine granite.

Allenstown granted in Council May 11, 1722 to the children of Governor Samuel Allen, and to their heirs was described as follows:

A tract of land four miles square adjoining the Chester line and Nottingham head line. The only practical effect so far as can be learned of the grant to Allen's children was to give a name to the territory southeast of the Suncook river.

Showing the size and shape of the Pennycook Grant by Massachusetts in 1725 and the Suncook Grant by Massachusetts in 1728.

Showing the size and shape of the Township of Bow as granted by the State of New Hampshire in 1727.

Showing comparative size and shape and relative position of Pennycook and Suncook Grant as granted by Massachusetts and Bow as granted by New Hampshire in 1727.

Allenstown granted at an early period in the settlement of New Hampshire, was not incorporated until July 2, 1831. The inhabitants who settled within the territory were, from time to time, granted privileges by the General Court of New Hampshire. They performed certain acts as other towns in the State. The first Selectman mentioned in 1777, was a Mr. Benjamin Matthes, in Vol. II, page 39 of the New Hampshire State Papers. Among the first settlers before 1748 were John Wolcott, Andrew Smith, Daniel Evans and Robert Bunten.

Allenstown has been a part of the township of Suncook as granted by Massachusetts in 1728, which grant at this time included a part of the present towns of Pembroke, Bow, Hooksett and Allenstown. See Map #1.

The town of Bow had been granted in Marcy 1727, from the State of New Hampshire, a tract of land containing 81 square miles, or 9 miles square, which included almost all of the Suncook grant. Quite a controversy arose where a lot of law suits were involved. Allenstown was a partisan in them till a part of Bow was annexed to Allenstown in June 1815.

Suncook's name originally applied to the township and river is of Indian origin and is defined as meaning "the place of the goose" by Rev. Dr. Edward Ballard, professor of Indian origin at that time.

It is to be remembered that the Province of Massachusetts Bay from 1641 to 1679 assumed jurisdiction over the territory of New Hampshire.

It has been claimed and believed by many people of that time, that the strip of land between the Suncook river and the ancient Bow line, which the Masonian Proprietors called the "Gore," once constituted a part of Allenstown. This part of land was included in the Pembroke Incorporation of 1759.

In 1691 the heirs of Mason sold their claim to the lands in New Hampshire to Samuel Allen a merchant of London for 750 pounds. Allenstown having been named after him, it is only fitting to know a little of his history. The following was taken from the National Cyclopedia of American Biography Vol. XIII.

Samuel Allen, colonial governor of New Hampshire, was born in England in 1636. He was a prominent merchant of London, and having purchased the interest of the heirs of Mason to New Hampshire in 1691, claimed recognition of his title from the Crown, and a commission for the government of the Province. A petition from the people for a union with Massachusetts was neglected, and the power of government being conferred upon Allen, his son-in-law John Usher was appointed Lieutenant Governor in his absence.

John Usher arrived and published his commission in August 1692. He served until 1698, when Governor Allen, "a man of a pacific and condescending disposition" came from England, and took that oath and assumed command, which he held until the arrival of the new Governor General, the Earl of Bellemont."

In the summer of 1699, both parties in the land suits then agreed to leave the decision to properly constitute Courts, and litigation followed with decisions against Allen. He appealed and the cases were tried in England with decisions still against Allen. The ground of defense was that the defendants had occupied the lands 60 years, holding it by possession, not disputing Allen's claim to the waste or unoccupied lands, or lands which had been recently occupied.

The litigation continued until 1705, when a convention of deputies from the towns of the Province met in Portsmouth to agree upon terms with Governor Allen. All negotiations were ended by Allen's death on May 5, 1705, leaving his heirs a legacy of law suits which were carried through the courts until the death of his son, Thomas in 1715, when the claims were abandoned.

Mr. Allen was a gentleman of no remarkable abilities, and of a solitary rather than a social disposition, but mild, obliging and charitable. His character as a merchant was fair and upright, and his domestic deportment amiable and exemplary. He died at Newcastle, New Hampshire, at the age of 70. He left his wife Elizabeth, one son Thomas who continued the suits after his father's death, and three daughters, Elizabeth who married John Usher of Bristol, Jane who married a Mr. Steele, and left one son, Samuel Steele, and two daughters, Frances who married George Walton, who later petitioned the State for a grant of a township. The following from "Pike Journal".

Samuel Allen, Esq. deceased after three or four days visitation with fever and pleuritical pains, a sober and worthy gentleman.

The first mention of anything relating to Allentown is found in the proceedings of the General Assembly of the Province of N.H., when on May 3, 1722, there was a petition presented to it of George Walton, son-in-law of Governor Allen, for himself and other children of Samuel Allen Esq., praying for a tract of land of four miles square. On May 11, 1722, was granted the same on condition they settle fifteen families on the same within five years. But in case of an Indian war, within that limitation, then to have twenty more years after the end of the war to perform said condition. From Provincial Papers, Vol. 4, page 42.

Apparently the heirs of Governor Allen did not comply with the terms of their original grant, for on May 6, 1729 they came before the assembly and presented the following, from the Provincial Papers, Vol. 4 page 541.

Mr. George Walton preferred a Petition to the Board praying for himself and the grandchildren of the late Governor Allen, that the conditions of a grant of land made to them by the Governor and Council Anno 1772 may be dispensed with, so far as that the Petitioners have the time of settlement lengthened out for ye space of ten years next after the expiration of the term mentioned in the grant and that the Petitioners have liberty to take out a Patent accordingly. Action of the above was probably not taken, for in 1737 Mr. George Walton again petitioned the General Assembly for a confirmator and it was ordered to lie for consideration. Mr. Allen's heirs seem not to have finally given up their claim on the Mason purchase until nearly two generations later. In 1790 for a small sum of 5 pounds and some small reservation they deeded to the Masonian Proprietors such rights as they may have in the State of New Hampshire, this closing one phase of the great land question which had lasted as far as they were concerned for nearly three quarters of a century.

The town having been granted to the small body of Gov. Allen's heirs and they not having taken advantage of the terms thereof, the above proprietors proceeded to appropriate the tract for themselves and use the name of Allentown which from this time on, has been its designation.

For more of Governor Allen's history, see a sketch of his administration as Governor of New Hampshire in the Provincial Papers of 1690-1699.

On April 11, 1750, the Proprietors voted to empower Thomas Packer, to grant to such persons as he should see cause one thousand acres of land belonging to said proprietors, known as Allens Town and the Gore of land between that and Bow.

In accordance with this vote Mr. Packer on April 16, made an agreement with sundry persons to settle upon said lands in consideration of which, and other acts to be performed by them, they were each to receive a portion of the land.

The Proprietors voted on August 30, 1750, that the tract of land known as Allens' Town and the tract called the Gore adjoining thereto be severed to, and amongst the Proprietors as soon as may be. On Sept. 30, 1750, they voted that Joshua Pierce and Thomas Packer be a committee to employ a surveyor and chairman to lay out and make a division of the tract of land called Allen's Town into 15 equal shares and only 2 lots to a share to be coupled in equal values as near as may be; and planning suitable highways and return a complete plan thereof; and then said shares be drawn for by the said Proprietors. In accordance with this vote, Walter Bryant, a surveyor of some note was empowered to make the surveys. He divided a portion of Allentown into 30 lots, not including the westerly part which had formerly constituted a part of ancient Suncook, nor some land along the southerly side of the Suncook river. He also divided the easterly part of the Gore, which the Proprietors had empowered Mr. Packer to give to settlers into 15 lots, numbering them from 1 to 15 commencing on the westerly side of the territory. Each of these lots extended from the Suncook river to Epsom or Bow line. He also divided the land westerly of these lots, or the Suncook end of the Gore, into nine lots, numbering them from one to nine, commencing on the easterly side or end of the territory. The location of these last named lines is not known. As this land was probably nearly all occupied and held under titles derived from the Suncook Proprietors, it is probable that very little attention was paid to this survey. He also divided a strip of land on the northwest side of Bow line within the township of Bow, which the Masonian Proprietors claimed into lots.

On May 6, 1752, the Proprietors drew for the thirty lots, or fifteen shares into which Mr. Bryant had divided Allentown. On October 3, 1752, the Proprietors took the following action: Whereas a tract of land commonly called the Gore adjoining to the tract of land commonly called Allen's Town, and part of the said tract called Allen's Town not yet divided adjoining the Gore which were intended to be laid out and divided into fifteen shares, to the rights of fifteen Proprietors or to their assigns, and whereas sundry persons have moved to purchase some improvements they have made upon said Gore, therefore voted that Joshua Pierce and Thomas Packer be a committee in behalf of said proprietors and are hereby empowered and desired to make agreement with such persons who are settled on said Gore or the said tract called Allen's Town; and to divide the remainder into fifteen equal shares except the mill privileges at the island on Suncook river, which is not to be divided but to be disposed of by the committee in the best manner they can, for the advantage of the proprietors, and return a plan as soon as may be to said proprietors, and then the said lots to be drawn for, to the respective rights of said proprietors.

On December 17, 1760, the Proprietors deeded to Jacob Gay 29 acres, and on December 29 of the same year deeded 49½ acres to Andrew Buntin, these pieces were not in the Gore, but in the territory which the Masonian Proprietors called "a part of Allen's Town adjacent to the Gore". This sale to Buntin and Gay was made agreeable to a survey by Walter Bryant in 1760, wherein he paid but little attention to the layout by the Suncook proprietors. It will be noted that Andrew Buntin's land was bounded on the south by land in possession of Robert Buntin and Gay's land on the north by land in possession of a Samuel Gault, and on the south in part by land in possession of a William Knox. It is not known whether Knox and Robert Buntin who the Masonian Proprietors say had land in their possession, ever purchased these lands of the Masonian Proprietors, or not, as no deeds to that effect have ever been found recorded.

Immunization Clinics (Held at Pembroke Firestation)

Number held4
Total Attendance75

Polio Clinic: (Held at St. John's Gymnasium)

Number held1
Total Attendance229

Very truly yours,
GERTRUDE J. SNOW
Public Health Nurse
Bureau of Public Health Nursing
N. H. State Department of Health

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning - brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been setup for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden - the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty.

Use your town dump.

Number of local fires 1

Number of acres burned 3

Number of permits issued 32

THOS. J. KING, District Fire Chief.

ARMAND BRISBOIS, Forest Fire Warden

No. Visits - School Board	3
No. Visits - Superintendent	19
No. Visits - Nurse	44
No. Visits - All Others	458

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1959

To the School Board of Allentown:

In submitting my twelfth annual report, one cannot but look back over the past decade and see the growth and development of the education in the country and the thinking that accompanies such development. It has been a privilege for me to have been a part of the planning and growth of the Elementary School in the town. And for that privilege may I express my thanks, not only to the School Board, but also to all those men, women, and children with whom it has been my good fortune to associate.

It is my honest opinion that the time has come to add another teacher to your staff, at least for next year. To emphasize this fact let us look at the records. We now have three teachers. Mrs. Olson has Grades 1 - 2; Mrs. MacLeod, Grades 3-4-5; and Mr. Cawley Grades 6-7-8. The largest class will be in Grades 3-4-5, with over 40 pupils in the three grades. According to the best estimates in education, classes should not be allowed to get above 30 pupils and the best teaching is done with classes nearer 25 pupils, especially where there is more than one grade to each teacher. You can readily understand that a teacher with 40 pupils can not do the teaching job she could if there were but 25 pupils. With 25 youngsters she is able to give one-twenty-fifth of her time as compared to one-fortieth of her time with 40 pupils.

Of course, you might send Grades 7-8 to Pembroke and pay the tuition and transportation. This would cost the district about \$232.00 per pupil for about 15 or 16 children, or about \$3,800.00 plus \$200.00 for transportation—approximately a total of \$4,000.00. The classes in Pembroke will be about 25 pupils per teacher. However, a new teacher will cost the district \$3,500.00, plus retirement and Social Security. Probably one suggestion will just about balance the other. If the district should send Grades 7-8 to Pembroke, provided, of course, that the Pembroke Board would accept them, then your own classes would be about 22 pupils each - a wonderful size to do a first class job in teaching.

Without doubt, the largest item in the budget is tuition. And every year it will become larger. The cost of sending students to

high school this year will be very close to \$17,400.00. All of our children attend Pembroke Academy. The tuition this year is \$330.00 per pupil. The cost per pupil next year will be \$365. But this is low as compared to Concord (\$385.) and Manchester (\$400.). According to our best estimates, the tuition bill for 1959-60 will be \$18,320.00.

It is a pleasure to call to your attention the fact that our transportation cost is beginning to show results. It is gratifying to know that with costs increasing, at least one item on the budget has decreased.

Citizens ask many times why budgets keep increasing. Sometimes one wonders if they want to hear the truth or want you to agree with them. We have discussed two items in this report which should warrant some explanation.

There were 2 1/2 million children born in the United States last year. Even Allentown had its share. This process is the same all over the country. It is obvious that as enrollments increase more schools will be needed, more teachers will be needed, and the cost will be greater. When is it going to stop? The increase of population, never. Every child is entitled to a high school education, according to law. The more children that go to high school, the greater the construction of buildings, the more teachers, the increase of salaries, and the greater the cost. Therefore, secondary schools will have to increase tuition costs. It is an endless circle. You and I have had the same experience, only on a smaller scale.

Therefore, we must expect a reasonable amount of change as the world develops in Science, Industry, and Education. And we must meet these changes. The pattern of our schools is changing. Very few people today desire to return to the so-called "good old days". It has been said many times that we must fight to stay free. Where can this freedom begin except in the school in our American Democracy? "Our schools have kept us free". It will take wise heads and constant vision to maintain this freedom. May we use it with caution and wisdom.

Respectfully submitted,

MURRAY H. WATSON,
Superintendent of Schools

CIVIL DEFENSE

The Civil Defense Agency of the State of New Hampshire has prepared a plan for our community to assure the safety and well being of our people during a Civil Defense emergency, whether caused by natural disaster or enemy attack.

The importance of public participation in Civil Defense preparations for self protection cannot be over-emphasized. It is the responsibility of each citizen to take an active part in this planning if we are to continue living as free Americans. Being prepared is a never ending process of testing and improvement of plans to minimize possible loss of human life. Civil Defense should be made a real part in daily thinking and living of every American.

In accordance with this plan Allenstown has been designated as a reception area for approximately 1500 residents from nearby communities in case of a nuclear attack and your Civil Defense Department takes this opportunity to inform the residents that a committee has been formed to carry out this directive.

This would make necessary the housing and feeding of these people during the emergency.

The cooperation of all citizens is not only desirable but necessary and if you are called to assist it is hopeful that each will do his part as a loyal American.

JOHN F. LYNCH,
Director of Civil Defense
For Allenstown, N. H.
